

HONOR ROLL OF DONORS

FISCAL YEAR 2012-2013

LETTER FROM THE INTERIM PRESIDENT

Dear Friends,

It is my pleasure to thank you for your generous support of the College of Staten Island, and present you with the 2012-2013 Honor Roll of Donors.

Because of donors like you, the College of Staten Island is currently celebrating a number of successes, such as the opening of Dolphin Cove, our first-ever student residence halls; the initiation of the planning stage for the construction of the CUNY Interdisciplinary High-Performance Computing Center, which has already begun to address pressing problems on the Island, such as the prediction of severe weather events like Superstorm Sandy, as well as remedies for traffic congestion; the recent opening of a Nursing SIMS Lab for elder care; and the continued expansion of academic programs and research spaces on campus.

These accomplishments are also gaining attention nationwide, as the College was recently named by *U.S. News & World Report* as one of the Best Northeast Public Colleges.

With your continued partnership with the College, we will build upon these achievements and undertake new initiatives, further refining our College as a state-of-the-art institution of higher learning in New York City and the U.S., serving our students, our faculty, our community, and our world through research that expands our knowledge and understanding of the critical issues that face our society.

A handwritten signature in blue ink that reads "WJ Fritz". The signature is stylized and includes a long horizontal line extending to the right.

Dr. William J. Fritz
Interim President

I would like to thank you, on behalf of the CSI Foundation, for your generous support of the College of Staten Island. Although CSI is the only public institution of higher learning in the Borough, shrinking public funding makes contributions from private donors crucial for the College to provide learning opportunities for our students, and research capabilities for our faculty.

I take great pride in seeing the wonderful achievements of our students and faculty, and I believe that you should feel that same pride, as you are helping to make those successes a reality. I am also grateful that more donors over the past year have rallied to support the College, especially from among our alumni.

As we move into the next year and beyond, I look forward to working with you to continue the great strides that CSI has made, fulfilling the academic and professional aspirations of our students and faculty, and helping them to create a better world for us all.

Sincerely,

A handwritten signature in black ink that reads "Christine Cea". The signature is fluid and cursive, with the first name and last name clearly distinguishable.

Dr. Christine Cea
CSI Foundation President

CSI Foundation Donors

Welcome to the Honor Roll of Donors for Fiscal Year 2012-2013. Here you will find the names of individuals, organizations, and businesses that have generously contributed to the College of Staten Island Foundation. In addition, you will find here a list of scholarships and the recipients who have benefited from the great generosity of our many scholarship donors.

CLASS OF 2013 RAISES THE BAR FOR SENIOR CLASS GIFT SUPPORT

Although the Class of 2013 was the third consecutive CSI graduating class to solicit support for a legacy gift to the College, the Class has the proud distinction of garnering the most donors and dollars raised to date.

This success can be largely attributed to the first-ever Class Gift Committee comprised of student volunteers who worked diligently to promote this new initiative, under the guidance of the Office of Institutional Advancement and External Affairs. The students worked tirelessly to raise awareness about the importance of student philanthropy, through soliciting donations from their peers and creating a video that was produced and musically scored by the Committee, which was featured on the CSI Website.

By the end of its campaign, the 2013 Class Gift initiative produced 151 gifts totaling \$2,347. To give this some context, the 2012 efforts produced 27 gifts and \$570, while our first year (2011) resulted in 16 gifts and \$240.

The Class of 2013 has proven that the Class that works together succeeds together.
