Imagine earning a world-class education, on a beautiful campus, in the world’s most exciting city. Join bright, motivated students who come from all over the globe. Learn from leading educators. Thrive in a community where opportunity abounds. Discover what you can do. Find your path forward.

Whatever your interests, CSI has a program that suits your needs. Experience the world, right here on campus. Find your place in our tight-knit, global community.

At CSI, our students come from over 80 countries. Each day, the world comes alive on our campus. You will build new friendships, experience new cultures, and see the world as you have never seen it before. In our classrooms and across our campus, we offer you the ideal learning environment.

There is no better way to learn about the world than to experience it first-hand. At CSI, we build partnerships with leading educational institutions around the world. Our goal is to raise awareness of the value of diversity, and the importance of international cooperation. As part of this commitment, the Center for International Service administers study abroad and exchange programs with leading institutions on 17 countries. The Center provides services for students who are interested in participating in our programs. CSI students participate in internships and careers in the United States and internationally.

The MACALUST HERONS COLLEGE MMHC provides students full-time opportunities to research grants and a MMHC cultural passport to pursue academic, research or professional opportunities throughout the world. Macatull honors students can earn four-year scholarships to pursue additional research through the opportunity to learn from outstanding faculty in science and mathematics.

The TEACHER EDUCATION HONORS ACADEMY Think about the new generation of scientists and mathematicians, then think of those who inspire learning in the next generation.
