Using Blackboard and Open Educational Resources To Improve Teaching and Learning

CSI FACULTY ARE WELCOME TO ATTEND

We are excited to invite you to a Faculty Center presentation on how to use Blackboard to improve teaching and learning. This presentation will offer an introduction of the different tools available in the Blackboard Learning Management System as well as a foundation on simple, but powerful principles about teaching through the online medium. The presentation will also provide a solid foundation about Open Educational Resources and their ability to improve the teaching and learning process.

Date:
Wednesday, January 24, 2018
