FACULTY CENTER FOR PROFESSIONAL DEVELOPMENT
DESIGNING EFFECTIVE RUBRICS
SPRING 2019

Looking for a better way to evaluate an assignment, learning objective, or program goal? How about using a well-designed rubric?

Whether you are new to using rubrics or you are looking to fine-tune or develop more fully the rubric(s) that you already have, this workshop is for you!

Come learn about the design and construction of effective rubrics. Be sure to bring an assignment, learning objective, program goal, etc. that you may work with during this workshop.
