

Faculty Career Readiness Partners Blackboard Resource

The Center for Career and Professional Development (CCPD) Looks Forward to Partnering With You!

- ★ Collaborate with us to integrate career development into the curriculum
- ★ Promote our programs and services, bring your classes to our events
- ★ Create your own Symplicity account
- ★ Motivate students to take action every semester
 - beginning their first year - to explore career options, engage in self-assessment and create their individualized career plan.

The Center for Career and Professional Development understands that Faculty are essential contributors to students' career-readiness and success at CSI. There are many ways for us to work together to integrate career development across the student experience.

The CCPD values our relationships with faculty and appreciate all the efforts our CSI colleagues make on behalf of student career development – in and out of the classroom!

Dolphin Ready – Career Competencies (National Association of Colleges and Employers (NACE) Competencies)
