

THE DOB SCHOLARS PROGRAM

ENRICHMENT FOR THE BUILT ENVIRONMENT

Presented by the NYC Department of Buildings (DOB)

“Serving students interested in careers in engineering, architecture, construction inspection, fire safety, and public safety, and regulatory affairs”

APPLICATION DEADLINE: Dec. 13th, 11:59PM

INFO SESSION: Dec. 4th, 5PM-6PM

259 Adams Street (ROOM AG30) Brooklyn, NY 11201

OVERVIEW

Over the course of ten seminars, students will receive presentations from our professionals on a diverse array of topics related to the career paths detailed above. Architects, engineers, sustainability experts, and construction inspectors will discuss their careers and their daily work, and paint a clear picture of how their efforts contribute to public safety.

In addition to the seminar series, students will have access to networking opportunities, professional development workshops, and detailed internship/employment application information.

MISSION

The program aims to expose students to the wide range of career opportunities within the DOB, while, at the same time, demonstrating the necessity of our multifaceted work for public safety.

SEMINAR SERIES

Seminars will consist of presentations on topics such as civil and forensic engineering; architecture; energy and sustainability; code development and revision; plan examination; legal enforcement; emergency operations; and construction inspection.

BENEFITS

- 1) Throughout the programming, students will receive detailed information on how to apply for upcoming paid summer internships.
- 2) Additionally, students will receive one-on-one assistance with resume drafting, cover letter writing, and the development of interview skills.
- 3) At the conclusion of the program, students will receive a certificate of program completion.

REGISTRATION

Students must submit a resume and complete a brief application.

We are limiting the program size to **30 seats**, so make sure you apply by the deadline.

The program is open to both undergraduates and graduate students.
