Winter/Spring 2021 course enrollment for continuing students begins on November 5, 2020: check your CUNYfirst account for when your specific enrollment access begins (based on your class year). In addition, Summer 2021 course enrollment access begins for *all* continuing students on November 5, 2020.

- Log into your CUNYfirst account, and go to your Student Center.
- Once there, go to "Enrollment Dates" (on the right-hand side of the page) and click on "Details" for specific information on your assigned enrollment appointment.
- You may register for courses at any point on or after your enrollment appointment, *once you have taken care of any CSI holds on your records AND met with your advisor*. Your advisor information is also available in your Student Center, directly under the "Enrollment Dates".

Course offerings are being updated regularly, so make sure to check CUNYfirst for changes.

Please note that almost all courses for Winter 2021 and Spring 2021 will be offered online-only, using one of two time formats (asynchronous or synchronous) specified under "Room" in the schedule of classes.

SYNCHRONOUS classes are very similar to traditional on-campus course meetings, because you must be (virtually) present on specific dates and times. *Though they are conducted virtually, synchronous classes meet in real-time.* You must have a computer, be available to attend synchronous classes during the scheduled class times, and sign onto the virtual learning platform (typically Blackboard) on schedule.

Here is a sample of how synchronous course information is displayed in the CUNYfirst "Search for Classes":

Class	Section	Days & Times	Room	Instructor	Meeting Dates	Status	Instruction Mode
45331	D002-LEC Regular	Mo 2:30PM - 4:25PM We 2:30PM - 3:20PM	Online-Synchronous Online-Synchronous	Staff Staff	01/29/2021 - 05/25/2021 01/29/2021 - 05/25/2021		Online

ASYNCHRONOUS classes are not held during specific dates and times, but still have clear requirements and deadlines for completing assignments and taking any required exams. These deadlines and exams days/times should be included on the class syllabus. You must have a computer to participate in asynchronous classes, and you should contact the professor directly via email if you have any questions about a specific asynchronous course.

Here is a sample of how <u>asynchronous</u> course information is displayed in the CUNYfirst "Search for Classes":

Class	Section	Days & Times	Room	Instructor	Meeting Dates	Status	Instruction Mode
45325	D009-LEC Regular	TBA	Online-Asynchronous	Staff	01/29/2021 - 05/25/2021		Online

Please make sure to visit our website at www.csi.cuny.edu/students/registrar for updates and FAQs on registration, or click the "Contact Via Email" link on our page if you need additional help.

Warmly,

Suzy Shepardson

Associate Registrar, Program Compliance
