Subject: Introducing CUNY Accommodate: Our New Student Disability Management System

Dear Faculty,

We are thrilled to announce the upcoming launch of CUNY Accommodate, our new student disability management system, on January 2, 2025. This innovative platform is designed to streamline the management of student accommodations, providing a more efficient way for Faculty to receive accommodation forms, fulfill student exam requests, and retrieve completed exams.

With CUNY Accommodate, students with disabilities will have a streamlined process for requesting their accommodations, ensuring a smoother experience for everyone involved. This system integrates students, their accommodations, course schedules, Faculty, and the Office of Disability Services (ODS) into one cohesive platform, promoting an inclusive and supportive environment for all students.

We encourage you to familiarize yourself with CUNY Accommodate by exploring our self-directed instructional videos and comprehensive guides that walk you through what you need to know to use the system (Access SharePoint then enter your CUNYfirst username and password to get started). You can access these resources and the CUNY Accommodate system using the links below.

If you have any questions or require further assistance regarding CUNY Accommodate, please contact the Central Office of Disability Programs at Disability@cuny.edu.

I appreciate your support as we work together to provide a barrier-free learning experience for all our students.

Best regards,

Stefan Charles-Pierre, CRC
Director, The Office of Accessibility Services
College of Staten Island
