

Employers On Campus This Fall! Interview Tips

To ace interviews, students should focus on preparation, structured storytelling, and professional engagement. Begin by thoroughly researching the organization and aligning your academic projects, internships/part-time jobs, or campus leadership roles with the job description. During the interview, use the **STAR method** (Situation, Task, Action, Result) to frame concise, impact-driven examples of your skills in action. Finally, close strong by preparing thoughtful, role-specific questions and always following up with a personalized thank-you email within 24 hours to reiterate your enthusiasm and fit.

Interested in meeting with some employers? [Check out our Employers on Campus recruiting schedule.](#)
